Collegiate Wingman Internship Program

GoJetSM

A I R L I N E S

Proudly flying the Bombardier CRJ-700
as United Express and Delta Connection

As a program participant, you will:

- Learn first-hand the process of earning your wings in the 121 world
- Gain a clear and defined path to the flight deck at GoJet Airlines
- Receive a provisional letter of employment upon successful completion of the program

See reverse for complete details

The GoJet Collegiate Wingman Internship Program is a semester-long program geared towards aspiring commercial airline pilots who are currently enrolled in a professional pilot training program. The Program aims to bridge the gap between student flight training and the 121 training environment by exposing students to all elements of the commercial airline world.

Candidates for the program will be flown to St. Louis for a day to:

- Meet the GoJet Airlines management team
- Talk with students who are actually in systems training, sit in on class and get a feel for what your training will be like
- Visit Flight Safety's training center to fly in an actual SIM
- Tour our hanger to see the Bombardier CRJ-700
- Visit Systems Operations Control for a first-hand look at our operations center, including Dispatch, Maintenance, and Crew Scheduling
- Hotel and flight expenses will be paid for by GoJet

Candidates who are selected for the program will:

- Be issued a GoJet Airlines picture ID
- Be eligible for participation in the Pilot Referral Program (to be paid to the Wingman after employment has been offered and initial training is complete)
- Receive GoJet training materials months in advance to ensure their successful completion of components in initial training
- Become eligible for limited flight benefits on United and limited jumpseat privileges on GoJet Airlines

Collegiate Wingman Interns will:

- Represent GoJet Airlines on campus, at seminars, and at university and recruiting events
- Assist the GoJet Collegiate Ambassador with data gathering and other projects
- Keep the Collegiate Ambassador informed about university activities, student achievements, and student concerns
- Collegiate Wingman Interns will continue to represent GoJet Airlines after their internships are over and must remain in good standing with their universities. Collegiate Wingman Interns may be asked to assist the Collegiate Ambassador during future semesters should a need arise.

Eligibility Requirements:

- Each student selected must be in good standing with their university.
- Must represent GoJet Airlines in a friendly and courteous manner. Must be professional and goal oriented.
- Must have at least 500 hours Total Time (Can be reduced to 200 at an Ambassador's discretion)
- Must have at least a Commercial Pilot Certificate
- Must agree to flight instruct after graduation until minimum flight hours are attained for RATP
- Cannot have anything on driving record or PRIA that would prevent being hired as a pilot with GoJet Airlines

Upon completion of the internship, participants will be given a letter of conditional employment with GoJet Airlines.
